

TRAVEL RISK MANAGEMENT

Informed planning. Confident travel.

Intelligence, preparation, and coordinated support for private and corporate travel.

THE ARMA APPROACH

Every journey brings a different set of considerations. Arma helps individuals, families, and organizations understand travel-related risks and prepare for the destinations, schedules, and environments ahead.

From pre-travel assessments and itinerary reviews to secure transportation and local coordination, we shape support around your journey. Clear communication and contingency planning help you respond when circumstances change.

Prepared before departure. Supported along the way.

Practical preparation and coordinated support to help you move with confidence, wherever your plans take you.

HOW WE OPERATE

01

Understand the journey

We review your destinations, itinerary, traveller profile, and priorities to understand the support you need.

02

Prepare the travel plan

Routes, transport, local support, communication, and contingency arrangements are coordinated before departure.

03

Adapt as conditions change

We review changing circumstances and coordinate adjustments to help keep your journey on track.

OUR CAPABILITIES

Risk managed throughout your journey.

Intelligence, preparation, and coordinated support for private and corporate travel.

— Corporate Travel Risk & Duty of Care

Travel risk planning and coordinated support for organizations and their travelling personnel. We align preparation, communication, and assistance with your travel policies, operating environments, and duty-of-care objectives.

— Destination Intelligence & Pre-Travel Planning

Destination intelligence and itinerary reviews identify relevant threats, local conditions, and potential disruption. Findings inform practical precautions and security arrangements before departure.

— 24/7 Travel Monitoring & Crisis Support

Continuous monitoring and assistance support travellers as conditions develop. Relevant information, escalation procedures, and coordinated response resources help manage incidents and travel disruption.

— Executive Protection & Secure Transportation

Protective personnel and secure ground movements planned around your profile, itinerary, and destination. Advance coordination connects arrivals, departures, meetings, and accommodation with the wider protection plan.

— iSECURE

Our technology platform supports communication and coordination between travellers and their support teams. It forms part of the agreed travel support arrangements, keeping operational information connected throughout the journey.

— Specialist Travel & Logistical Support

Travel and logistical coordination for requirements beyond personal protection. Support is defined around the assignment, itinerary, and practical arrangements needed to keep the journey organized.

OUR CAPABILITIES / CONTINUED

Risk managed throughout your journey.

Intelligence, preparation, and coordinated support for private and corporate travel.

Individual Travel Risk Assessments

A focused assessment of the traveller's profile, planned activities, and itinerary. Identified vulnerabilities guide the level of preparation, protective measures, and assistance appropriate to the journey.

Traveller Preparation & Security Briefings

Pre-departure briefings cover destination awareness, practical precautions, and communication procedures. Travellers receive clear guidance on recognizing concerns and accessing support if circumstances change.

In-Country Security & Coordination

Local coordination and logistical support for the destination and operating environment. Travel arrangements, communication, and security requirements are reviewed as the itinerary and conditions develop.

Emergency Assistance & Response Coordination

Defined escalation and response arrangements for urgent situations abroad. We help assess the circumstances, connect appropriate resources, and coordinate practical next steps with the traveller and relevant contacts.

International Medical Assistance

Coordination of medical assistance and local care resources when health concerns arise during travel. Support focuses on connecting travellers with appropriate providers and coordinating related arrangements.

Aviation & Airport Coordination

Coordination of airport arrangements, aviation-related movements, and onward ground transport. Arrival and departure planning aligns each stage with the itinerary and agreed security requirements.

PLANNED AROUND YOUR REQUIREMENTS

Speak with our team about your priorities, risk exposure, and the support your assignment requires.

SPEAK WITH OUR TEAM

Every protection plan starts with a conversation.

Tell us how you live, travel, and work. We'll help you understand the support that fits your circumstances.
